Winning a Prize; Odds. Winners chosen to play are randomly selected based on their location on the Turning Stone gaming floor. Odds of being selected to win depend on how many eligible guests are actively playing on the Turning Stone gaming floor while using their TS Rewards Card in active slot or table play during the Promotion Times. One (1) winner will be selected in a random drawing of entries from the active player database held at the Promotion Site, through a computer-generated report, at each of the Drawing Times on March 17, 2025. Each Cash Prize Winner will select a prize token from Mr. Lucky's Pot O'Gold to reveal their cash prize. The odds of winning each prize are as follows: \$250 in Cash (1:3), \$500 in Cash (1:3) and \$750 in Cash (1:3). If a participant is playing at the same gaming bank or table as a Cash Prize Winner and at a machine or table position that is located either immediately to the left or to the right of the gaming machine or table position that Cash Prize Winner is playing on at the Drawing Time, such participant will receive a \$75 Free Play prize. There will be up to two (2) winners of \$75 Free Play prizes at each Drawing Time for a total of up twenty (20) \$75 Free Play prizes awarded during the Promotion. If there is no participant playing on the same gaming bank or table in a position immediately to the left or right of the Cash Prize Winner or if there is not a machine on the gaming bank or a table position that is immediately to the left or right of machine or table position the Cash Prize Winner was playing at the Drawing Time, then such \$75 Free Play prizes will be forfeited and not awarded at that Drawing Time. All Free Play prizes must be used within forty-eight (48) hours of award. Failure to do so will result in forfeiture of prize. By entering the Promotion, participants fully and unconditionally agree to be bound by these Official Rules and the decisions of Turning Stone, which will be final and binding in all matters relating to the Promotion.
