

The background of the entire page is a high-quality photograph of a golf course. In the foreground, there are several large, irregular sand traps (bunkers) on a lush green lawn. A winding path or stream bed cuts through the grass. In the middle ground, a large, multi-story clubhouse with a dark roof and white trim is visible, surrounded by trees. In the background, a line of trees marks the horizon under a clear blue sky. In the bottom right corner, a small waterfall flows over rocks into a pool of water.

ATUNYOTE

This Tom Fazio design was home to the Turning Stone Resort Championship from 2007 – 2010 and many other championships including the PGA Tour, the PGA Professional National Championship and the BC Open in 2006 and in 2016 it hosted the PGA Professional Championship. The parkland setting of Atunyote (the Oneida word for ‘eagle’) features vast stretches of open space, gently rolling hills, a stream of small waterfalls, and several lakes. Walk the fairways that past champions Tiger Woods, Camilo Villegas, Matt Kuchar, Steve Flesch, Annika Sorenstam, Natalie Gulbis and Dustin Johnson have all walked.

KALUHYAT

Measuring in at just over 7,100 yards, this Robert Trent Jones, Jr. course was ranked one of the Top 50 Best Casino Courses by Golfweek in 2020. Kaluhyat (the Oneida word for ‘the other side of the sky’) is marked by dramatic changes in elevation, measuring as high as 50 feet in some areas, with plateau settings offering seemingly endless, spectacular views of the surrounding terrain.

SHENENDOAH

Shenendoah offers 18 holes of PGA-quality golf in a spectacular natural setting. The course was built and is maintained to comply with stringent Audubon International standards for environmental protection and preservation. Designer Rick Smith used the natural landscape to create wooded parkland holes, open pastures that capture the links feel, and beautifully simple low country-style holes.

SANDSTONE HOLLOW

Sandstone Hollow was built with the busy golfer in mind. The result: a nine-hole, par three course that winds through woods and wetlands, with greens surrounded by wild fescue grasses and rock outcroppings. This isn't a pitch-and-putt course. Designed by Rick Smith, Sandstone Hollow is rated among the top 25 par three courses in the USA by Golf Event magazine.

PLEASANT KNOLLS

Pleasant Knolls is a player-friendly recreational course, offering a relaxing nine holes of par 36 golf. Sprawled over 70 acres, Pleasant Knolls features wide-open fairways, fast greens, challenging water hazards and gently rolling terrain.
