All winners must have a valid government issued ID and TS Rewards card to claim any payout. In the event a winner does not have proper ID, the payout will be rolled over for the next time period. In the event that the final high hand winner of the evening does not have proper ID, the payout will be awarded by random draw of all seated live game players. In the event that there is not a qualifying high hand for the last time period of the day, the time will be extended for another time period until a qualifying hand is achieved to win the last prize amount. All winners must be present within 15 minutes of the end of time period to claim their prize. If a winner is not present to claim their prize, the prize will be rolled over into the next time period or awarded by random seat draw if it is the final time period of the promotion.
