

Look Your Best for Life's Biggest Moments

Bridal Packages

120-100 Days Out

Begin your bridal beauty journey.

- Schedule a consultation at Áhsi' Aesthetics by Rome Health. Together with your provider, you'll review your goals and create a tailored plan to ensure you look and feel your best on your big day.

90 Days Out

Improve skin texture, tone and overall glow.

- Neurotoxin (Xeomin): Considering wrinkle relaxers? Let's get started now! This gives enough time for the treatment to take full effect and for any touch-ups. For the ultimate glow, try a Tox Booster – combining tox and a chemical peel.
- RF Microneedling: For smoother texture and reduced fine lines or scars, RF Microneedling stimulates collagen to tighten skin and improve tone, leaving you with radiant skin. While three treatments are ideal, even one session will deliver results.
- VI Chemical Peel: Our medium-depth chemical peels help even out skin tone and reduce hyperpigmentation. If you have other concerns like tone, texture, acne and fine lines, talk to your provider about our medical-grade options.
- Medical-Grade Skincare: Achieve a healthier, more youthful look with a regimen of premier products featuring vitamin C, retinol and SPF. Neocutis is a medical-grade line that helps boost collagen and fight signs of aging using proprietary ingredients.

60 Days Out

Enhance hydration and fine-tune results.

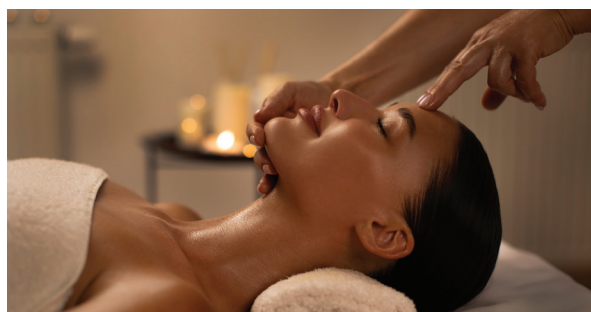

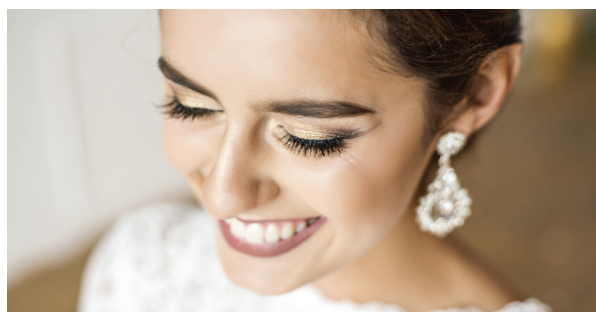

- Dermal Fillers: Lip filler, as well as cheek or jaw contouring filler should be done now to allow time for swelling to subside and results to settle.
- Hydrafacial or Dermaplaning: Gentle exfoliation removes dead skin and peach fuzz for a smooth canvas. Available at Áhsi' Day Spa or Skala: The Spa at Turning Stone.
- Laser Treatment: If targeting pigmentation, redness or uneven texture, now is the time for treatments like IPL or Erbium Fractional Laser to help refine skin with minimal downtime.
- Body Contouring: Tighten targeted areas with RF Microneedling. LED red light therapy helps tighten, while green light supports weight reduction. Lipo-Mini IM injections can help enhance energy and burn fat, recommended weekly for 6 weeks.

30 Days Out

Keep hydrated and maintain your glow.

- IV hydration therapy: Feel your absolute best. Opt for just hydration or have the Inner Beauty IV, a revitalizing blend of vitamins, minerals and antioxidants that nourish your skin, hair and nails.
- Stick to your skincare routine and avoid any new treatments to prevent irritation.
- Drink plenty of water, minimize caffeine and get plenty of rest.

This is your time to shine. Let us help you feel beautiful and confident for your big day!

Brides with contracted weddings at Turning Stone Resort Casino may save up to 15% on Áhsi' Aesthetics bridal services.
